

DUSTTRAK™ MOBILE APP

DOWNLOAD DATA WITHOUT
LEAVING YOUR VEHICLE

Driesen + Kern GmbH

TSI's Environmental DustTrak™ and various DustTrak models can now communicate with your mobile device through the DustTrak Mobile App. Combined with the wireless router and antenna, the DustTrak Mobile App allows you to quickly download, review and send logged data.

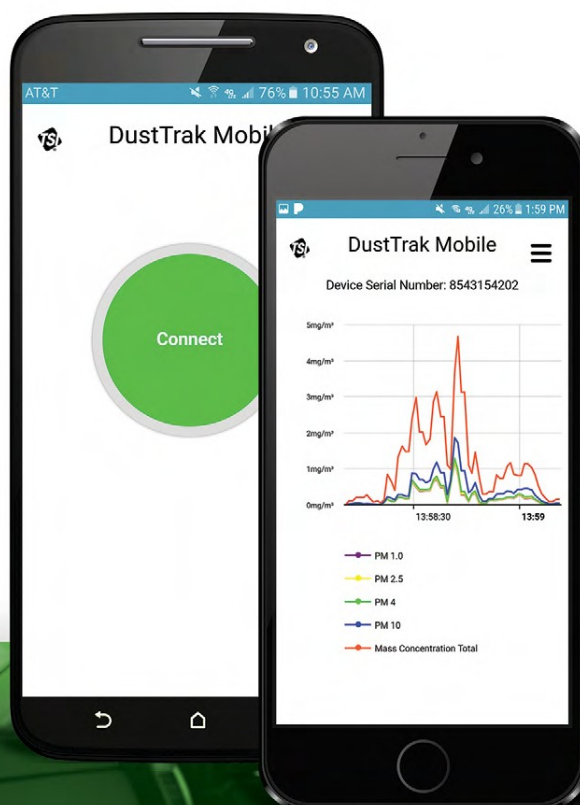

INCREASE PRODUCTIVITY AND IMPROVE WORKER SAFETY

Outdoor Applications

- + Drive within 150m of the instrument to view and download data.
- + Quickly move on to the next instrument without ever leaving your vehicle.

Indoor Applications

- + View and download data without having to enter the room, reducing your exposure.
- + Data can be accessed through windows, doors and even walls.

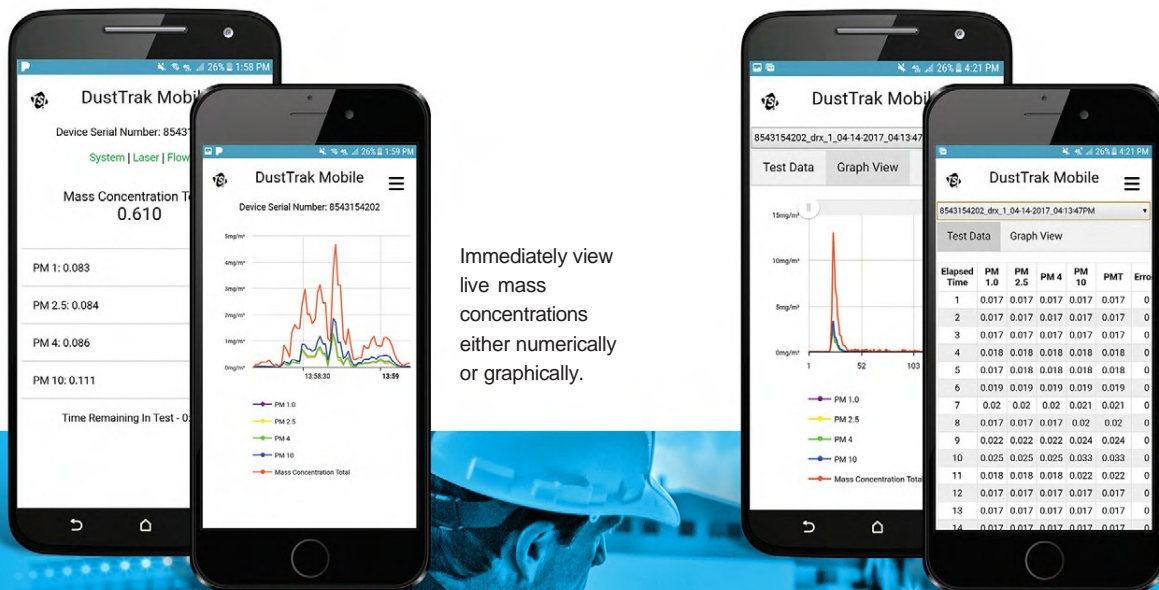

UNDERSTANDING, ACCELERATED

SEE WHAT DUSTTRAK MOBILE CAN DO

- + View and graph live mass concentrations
- + Download and review historical data
- + Email data logs directly from the application
